American Psychological Association
126th Annual Meeting

August 9-12, 2018
San Francisco, CA

National Institute on Alcohol Abuse and Alcoholism – NIH/DHHS
and National Institute on Drug Abuse – NIH/DHHS

in collaboration with

Division of Psychopharmacology and Substance Abuse – APA Division 28
and Society of Addiction Psychology – APA Division 50
R13 Sponsored Events

Thursday, August 9th
9:00 AM - 10:50 AM: Symposium
Moscone Center, Room 310/311
Continuing care options to support recovery from alcohol and other drug problems

Friday, August 10th
6:00 PM - 8:00 PM: Poster Session
Early Career Investigator Poster Session and Social Hour
San Francisco Marriott Marquis Hotel, Yerba Buena Salon 8
All Convention attendees welcome; hors d’oeuvres served
NIAAA R13 Supported Poster Presenters (20 Presenters)
NIDA R13 Supported Poster Presenters (15 Presenters)
NIDA Invited Poster Presenters (11 Presenters)

Saturday, August 11th
8:00 AM - 8:50 AM: Panel Discussion
Moscone Center, Room 2005
Career development panel discussion: Get advice and feedback from experts in the field
B. Borsari, M.A. Lewis, J. Buckman, E. D’Amico, & L. Morin

NEW THIS YEAR
View addiction-related posters from the Convention and interact with presenters on Twitter by searching #AddictionPosters2018 or @apadivision50.

Listing of Substance Use Programming

Thursday, August 9
8:00 AM - 8:50 AM: Symposium
Moscone Center, Room 305/309
Alcohol, cigarettes, and cannabis: Trends and co-use patterns across the ‘big three’ legal drugs
D. Roche, A. Leventhal, Z. Cooper, & L. Ray

Friday, August 10
6:00 PM - 8:00 PM: Poster Session
Early Career Investigator Poster Session and Social Hour
San Francisco Marriott Marquis Hotel, Yerba Buena Salon 8
All Convention attendees welcome; hors d’oeuvres served
NIAAA R13 Supported Poster Presenters (20 Presenters)
NIDA R13 Supported Poster Presenters (15 Presenters)
NIDA Invited Poster Presenters (11 Presenters)

9:00 AM - 10:50 AM: Symposium (NIAAA R13 sponsored)
Moscone Center, Room 310/311
Continuing care options to support recovery from alcohol and other drug problems

9:00 AM - 9:50 AM
Moscone Center, Room 2010
MED associates Brady/Schuster award winner

10:00 AM - 10:50 AM: Invited Address
Moscone Center, Room 3004
Ask NIH-Program officers from NIMH and NIDA discuss funding priorities and more!
M. Rooney, E. Reider, J. Sherrill, & B. Sims

10:00 AM - 11:50 AM: Collaborative Program
Co-hosted by Divisions 28, 12, 19, 22, & 50
Moscone Center, Room 156
Transcranial magnetic stimulation as an emerging clinical and research tool
M.J. Wesley, N. Williams, C.A. Hanlon, D.D. DeSouza, & S.W. Davis

11:00 AM - 12:50 PM: Symposium
Moscone Center, Room 216
Alcohol screening and brief interventions: Reach, utilization, costs and outcomes
S. Sterling, C. Barbosa, D.P. Moberg, M. Karno, & B. Hagman

11:00 PM - 11:50 PM: Symposium
Co-hosted by Divisions 28 & 50
Moscone Center, Room 2001
Real-time and experimental methods to understand substance use processes and contexts
R.M. Cloutier, B.L. Zamboanga, D. Eddie, & J. Buckman
12:00 PM - 1:50 PM: Symposium
Moscone Center, Room 310/311
*Hub and spoke: California’s targeted response to the opioid epidemic*
G.M. Miele, M. Stanford, D. Urada, M. McGovern

12:00 PM - 1:50 PM: Symposium
Moscone Center, Room 159
*CBT and beyond: An overview of evidenced based interventions for chronic pain*
R. Prasad, M.A. Lumley

12:00 PM - 12:50 PM: Collaborative Program
Co-hosted by Divisions 50, 28, 25, APA Board of Scientific Affairs & APA Committee on Early Career Psychologists
Moscone Center, Room 156
*The internet laboratory - A guide to conducting psychological research on Amazon Mechanical Turk*
J.C. Strickland, M.N. Koffarnus, & A. Huhn

1:00 PM - 1:50 PM: Poster Session
Moscone Center, Halls ABC
*Division 50 Poster Session*

2:00 PM - 3:50 PM: Symposium
Moscone Center, Room 306
*Innovations in substance use disorder treatment for adolescents and emerging adults*
J.F. Kelly, C. DeLucia, B. Bergman, & S.A. Brown

2:00 PM - 3:50 PM: Symposium
Moscone Center, Room 2009
*Sex differences in the nicotine addicted brain - Translational implications*

5:00 PM - 7:00 PM: Multi-Division Happy Science Hour
Co-sponsored by Division 50; All are welcome!
San Francisco Marriott Marquis Hotel
Yerba Buena Salons 10 & 11

7:30 PM - 10:00 PM: Society of Addiction Psychology
Student and Early Career Professional Social Hour
All Division 50 members welcome!
*(Location will be announced via email and on the Div. 50 website)*

8:00 AM - 8:50 AM: Symposium
Moscone Center, Room 306
*Cuban substance abuse initiatives and interventions for youth/adolescents*
T.Y. Lana

9:00 AM - 9:50 PM: Symposium
Moscone Center, Room 154
*Addressing the opioid epidemic - Integrated approaches for education, assessment, and treatment*
J. Hah, V.W. Jackson, H. Poupore-King

---

**Early Career Investigators Poster Session and Social Hour**

**NIAAA R13 Presenters**

**Julie Gameon, M.S. – Montana State University**
Alcohol and cannabis use among people with a history of unwanted sexual experiences

**Michaela Hoffman, Ph.D. – Department of Psychiatry and Behavioral Sciences/Medical University of South Carolina**
Using network models to study alcohol and substance use disorders

**Jermaine Jones, Ph.D. – Columbia University Medical Center**
Alcohol use among active heroin users, and its relationship to opioid overdose risk

**Devin Jordan, Ph.D. – Lived experience of college students who reduced their alcohol consumption**

**Benjamin Kaveladze, B.A. – UCSB Psychological & Brain Sciences**
Mindfulness and alcohol-related consequences among first-year college students

**Alicia Klanecky, Ph.D. – Creighton University Psychology Department**
Using network models to study alcohol and substance use disorders

**Thomas Le, B.A. – University of Maryland, College Park**
Distinct classes of alcohol use and related problems among Asian American young adults

**Dana Litt, Ph.D. – Department of Health Behavior and Health Systems; School of Public Health; University of North Texas Health Science Center**
A picture is worth a thousand words: Examining the relation between Twitter emojis and alcohol use

**Laura Longo, M.S. – Educational and Counseling Psychology/ University at Albany**
Secondhand effects of drinking: Instrument development and relationship to peer disapproval

**Daniel Roche, Ph.D. – University of Maryland Department of Psychiatry**
Alcohol and tobacco consumption is associated with increased odds of same day marijuana use as part of the symposium 'Alcohol, cigarettes, and cannabis: Trends and co-use patterns across the 'big three' legal drugs'

**Rowan Saloner, B.S. – San Diego State/UC San Diego Joint Doctoral Program in Clinical Psychology**
Is alcohol neuroprotective in methamphetamine-associated neuropsychological impairment?

**Melissa Schick, B.S. – University of Rhode Island**
The role of self-compassion and perceived discrimination in first nation adolescents' alcohol use

**Micah Shields, M.S. – Palo Alto University**
Trends of conjoint alcohol and marijuana use of incoming college freshman

**Sydney Smith, B.S. – Eastern Kentucky University Psychology Department**
12-Step alternative

**Amy Stamates, M.S. – Old Dominion University**
Initiation of alcohol, marijuana, and tobacco use: A latent profile analysis of age of onset

**Robin Tan, M.S. – University of California San Diego Department of Psychiatry**
Alcohol expectancies and dating status predict drinking behaviors in a prospective adolescent cohort

**Jordan Waldron, Ph.D. – University of Indianapolis**
A co-twin control study of romantic partner's alcohol use & drinking in emerging adulthood

**Logan Welker, B.A. – University of South Dakota Department of Psychology**
Child maltreatment and alcohol related outcomes: The mediating role of separation insecurity
A prospective structural model investigating personality, drinking restraint, and alcohol misuse

Tessa Nalven, B.S. – University of Rhode Island
An EMA study of using a text-messaging program to support nondaily smokers

Joi Knighton, Ph.D. – Wayne State University School of Medicine
Experimental tests of marijuana use willingness as a function of social anxiety and peer rejection

Marc Budgazad, M.A. – University of Hartford
Translation of evidence-based treatment for tobacco use disorder in a community mental health setting: Improved patient engagement and treatment outcome among individuals enrolled in an integrated health program

Renee Cloutier, M.S. – University of North Texas
Risk and protective factors for narcotic use in American Indian adolescents.

Joi Knighton, Ph.D. – Wayne State University School of Medicine
Examining psychosocial correlates of nonmedical prescription opioid use among black men

Connor Milligan, B.S. – Suffolk University/Massachusetts General Hospital
An EMA study of using a text-messaging program to support nondaily smokers

Tessa Nalven, B.S. – University of Rhode Island
Hepatitis C status is related to worse neurocognitive function in adults initiating opiate agonist treatment for opioid use disorder

Ivan Jacob Pesigan, M.A. – University of Macau Department of Psychology
Drinking motives and problematic alcohol use among Chinese and Filipino university students

Sara Quaresma – University of Rhode Island Department of Psychology
Perceived harm and marijuana use in American Indian adolescents.

Jevon Rice, Psy.D. – American School for Professional Psychology at Argosy University
Uniqueness of black American emerging adults and substance use disorders

Stacy Ryan, Ph.D. – Baylor University
Development of SMS-based aftercare for parents of teens exiting substance use treatment

Travis Scott, M.A. – Fordham University
Learning and memory impairment are common among patients entering opioid agonist treatment

Vernette Spence, M.S. – Albizu University
Cocaine use among traumatic brain injury patients

Corrie Vilsaint, Ph.D. – Massachusetts General Hospital/Harvard Medical School
12-month prevalence and persistence of substance use disorders among four US racial-ethnic groups

Aaron Weiner, Ph.D. – Linden Oaks Behavioral Health
Marijuana: Facts, fiction, and the impact of commercialization on public health

Please note that the posters presented in this session reflect the views and opinions of the authors and not necessarily those of the National Institute on Alcohol Abuse and Alcoholism or the National Institute on Drug Abuse.
National Institute on Alcohol Abuse and Alcoholism (NIAAA)

NIAAA supports and conducts behavioral and biomedical research on the causes, consequences, treatment, and prevention of alcoholism and alcohol-related problems. NIAAA funds more than 90% of the alcohol abuse and alcohol addiction research in the United States. NIAAA is one of the 24 grant-making Institutes and Centers that comprise the National Institute of Health (NIH), the principal biomedical research agency of the Federal Government. For more information on funding opportunities and ongoing activities at NIAAA, please visit our website at www.niaaa.nih.gov.

*Travel awards to NIAAA supported presenters, and the publication of this brochure, were made possible through a grant from NIAAA (R13 AA022858)

National Institute on Drug Abuse (NIDA)

NIDA’s mission is to advance science on the causes and consequences of drug use and addiction and to apply that knowledge to improve individual and public health. This involves strategically supporting and conducting basic and clinical research on drug use (including nicotine), its consequences, and the underlying neurobiological, behavioral, and social mechanisms involved. Also, it involves ensuring the effective translation, implementation, and dissemination of scientific research findings to improve the prevention and treatment of substance use disorders and enhance public awareness of addiction as a brain disorder.

*Travel awards to NIDA supported presenters were funded, in part, by a grant from NIDA (R13 DA038955)

American Psychological Association, Division of Psychopharmacology and Substance Abuse (28)

The APA Division of Psychopharmacology and Substance Abuse focuses on the advancement of knowledge regarding the behavioral effects of drugs and includes basic psychopharmacology research, the determinants and treatments of substance abuse, and the clinical uses of centrally active drugs.

American Psychological Association, Society of Addiction Psychology (50)

The APA Society of Addiction Psychology promotes advances in research, professional training, and clinical practice addressing the broad range of addictive behaviors, including problematic use of alcohol, nicotine, and other drugs, as well as disorders involving gambling, eating, sexual behavior, and spending.

Continuing Education

Sessions indicated with the CES logo have been reviewed and approved by the APA Continuing Education Committee (CEC) and the Office of Continuing Education in Psychology (CEP) to offer continuing education (CE) credit. These two units within APA maintain responsibility for the content of the program.
