

**SOCIETY OF ADDICTION PSYCHOLOGY
2019 APA CONVENTION PROGRAM
Chicago, IL.**

WORKSHOPS/TRAININGS OFFERED BY DIVISION 50 MEMBERS

Thursday, August 8

8:00 a.m.–3:50 p.m.

CE CREDITS 7

Cognitive-Behavioral Therapy for Substance Use Disorders and Addictions: An Experiential Workshop

Bruce S. Liese, PhD, University of Kansas Medical Center, Kansas City

This intermediate workshop is an opportunity for practicing psychologists (both generalists and addiction specialists) to explore the latest developments in cognitive behavioral therapy (CBT) for diverse addictive and problematic habitual behaviors, including drug and alcohol misuse, problem gambling, shopping, sex, internet gaming, and binge eating. The focus is on five essential components of individual and group CBT: structure, collaboration, case conceptualization, psychoeducation, and techniques. The workshop includes lively activities, including case presentations, discussions, critiques of recorded CBT sessions, demonstrations, and role playing.

Friday, August 9

1:00 p.m.–4:50 p.m.

CE CREDITS 4

Screening, Brief Intervention, and Referral to Treatment: Clinical Practice Applications

Maria D. Cimini, PhD, and Jessica L. Martin, PhD, University at Albany-State University of New York

This intermediate workshop presents cutting-edge research and training in the clinical application of the evidence-based practice of screening, brief intervention, and referral to treatment (SBIRT) for alcohol and other drugs in primary health and mental health care settings. Participants explore the practical implications and challenges of using SBIRT in diverse behavioral health care settings. The workshop focuses on the knowledge and skills essential to the delivery of motivational interviewing (MI) and its central role in conducting SBIRT in various clinical settings. Participants are given ample opportunity to practice and receive feedback on MI and SBIRT skills.

*** APA reserves the right to change session times or locations. Please consult the official Convention program for final details****

*Sessions offering CE credits have been reviewed and approved by the American Psychological Association Office of Continuing Education in Psychology (CEP) and the Continuing Education Committee (CEC) to offer CE credits for psychologists. The CEP Office and the CEC maintain responsibility for the delivery of the programs.

Saturday, August 10

8:00 a.m.–3:50 p.m.
CE CREDITS 7

Harm Reduction Treatment for Substance Use Disorders: Meeting People Where They’re At

Susan E. Collins, PhD, and Seema L. Clifasefi, PhD, MSW, University of Washington

Harm reduction refers to a set of pragmatic and compassionate strategies that aim to reduce substance related harm and improve quality of life for people who use substances and their communities—without requiring abstinence or use reduction. Harm reduction can refer to interventions and approaches applied at the policy, population, community, or individual levels. In this introductory workshop, participants learn how to apply harm reduction in the individual psychotherapeutic context using an effective and client-driven approach in which therapists engage a harm-reduction mindset, heart-set, and concrete therapeutic components.

Sunday, August 11

8:00 a.m.–11:50 a.m.
CE CREDITS 4

Community-Based Participatory Research in Psychology: Theory, Research, and Practice

Eleanor F. Gil-Kashiwabara, PsyD, Portland State University; Patricia Rodriguez Espinosa, PhD, MPH, Stanford University School of Medicine; Seema L. Clifasefi, PhD, MSW, and Susan E. Collins, PhD, University of Washington

Community-based participatory research (CBPR) answers the call for more patient-centered, community-driven research approaches to address growing health disparities. CBPR is a collaborative research approach that equitably involves community members, researchers, and other stakeholders in the research process and recognizes the unique strengths that each bring. Although CBPR is well-aligned with psychology’s ethical principles and research aims, it has not been widely implemented in psychology research. This introductory workshop presents a promising research framework that may guide the implementation of more effective, culturally appropriate, socially just, and sustainable community-based research.

ENROLLMENT IS NOW OPEN!

To register for any of these trainings, visit: convention.apa.org/ce

or call the CEP Office at 800-374-2721 x5991, option 3

Fees	EARLY BIRD (4/15–5/15)		ADVANCE (5/16–6/30)		REGULAR (7/1–8/11)
